

[DATE]

Media, Public Invited to Participate in Hubble Space Telescope 25th Anniversary Event

The [LOCATION] is hosting a birthday bash to celebrate the 25th anniversary of the Hubble Space Telescope launch on [DATE OF EVENT].

On April 24, 2015, NASA will be celebrating the 25th anniversary of the Hubble Space Telescope's (HST) launch. Since its launch on April 24, 1990, the Hubble Space Telescope has allowed astronomers to observe the universe in stunning clarity, revealed properties of space and time, and shed light on many of the great mysteries of the universe turning astronomical conjectures into concrete certainties. Today, the Hubble Space Telescope continues to provide views of cosmic wonders never before seen and is at the forefront of many new discoveries.

Beginning at [START TIME], guests are invited to learn about the Hubble Space Telescope, view a live-stream webcast from the National Air and Space Museum, and enjoy fun hands-on activities throughout the event. During the webcast, guests will hear from NASA subject matter experts about the shuttle missions needed for launching and servicing the Hubble Space Telescope, learn how the telescope unlocks the mysteries of the universe with unparalleled scientific discoveries, and discover the cultural impact it makes on our lives every day.

Include special activities and times, if applicable. If guest speaker participating, provide brief background on speaker.

Admission for this event is [INCLUDED IN LOCATION'S GENERAL ADMISSION] or [FREE TO THE PUBLIC]. *Include general admission pricing if applicable.*

Media representatives will have the opportunity to film and speak to members of their local community on why they're so excited about Hubble's milestones.
